Introduction

Alderston Convalescent Home was founded by the Scottish Rural Workers Friendly Society to serve its members throughout Scotland; the house was in existence in 1930.

On transfer to the National Health Service in 1948 the home became part of the East Lothian Hospitals Board of Management (LHB17). It continued to function as a convalescent home, with a bed complement of 20, until the end of 1956 when it was turned into a nurses' home.

Copies of press cuttings and notes relating to East Lothian hospitals will be found at GN79.
