

**GD1/2**      ***HISTORY OF ANATOMY BY ALEXANDER MONRO, PRIMUS***

Manuscript volume, dated 1747, consisting of 280 pages of text and an index.

The handwriting is thought not to be Monro's. A manuscript *History of Anatomy* known to be in Munro's hand is held by the University of Otago and a microfilm copy is available in Edinburgh University Library. A description of the Otago volume may be found in *The Early Years of the Edinburgh Medical School*, ed. RGW Anderson and ADC Simpson, 1976.

This item is held in the Strong Room
